Summary

With over five years of experience in web development, I specialise in building seamless, engaging, and responsive user interfaces. My technical expertise includes HTML5, CSS3, JavaScript, jQuery, Bootstrap, Tailwind CSS, React, Next.js, and PHP. I am highly proficient in WordPress development, designing and customising themes, creating multilingual websites, and optimising performance across all devices. I have successfully delivered a wide range of projects, from professional landing pages to dynamic e-commerce and blog platforms. Passionate about turning creative ideas into functional, visually appealing digital experiences, I consistently uphold high-quality standards and meet project deadlines.
